

GIANT DOUBLE SLIDE

REQUIREMENTS:

- 1 -3 Attendants (Entrance – Top of slide – Exit)
- 1 Dedicated 20 amp circuit within 100' - CC&E will provide a heavy gauge extension cord.
- 27L x 20W x 18H Indoor setup space required: 29L x 22W x 20H
- If indoors, remove center bar in double door for entrance on ground level only. The slide can't be taken up or down stairs.
- Max. 3 Participants
- Max. Weight: 225 lbs.
- If outdoors, the temperature must be above 45 degrees.
- Recommended Participant Ages: All ages (5 or younger must be accompanied by an adult)

PLEASE...

- Remove: shoes; all items from pockets; food, gum or retainers from mouth; eye glasses; hair clips, watches, earrings and necklaces.
- Place items in your shoes after removing your shoes. Parents should hold shoes.
- CC&E is Not responsible for lost or stolen articles.
- No dog piling, wrestling, flips or karate kicks.
- Do not: bounce off side walls or entrance way.
- Do not enter slide unless an Operator is present.
- Riders must stay on their side of the slide.
- No standing at top of slide; must continue immediately down slide feet first only.
- Absolutely no jumping, bouncing or rolling into the slide area. Sitting then sliding only; then remain sitting until you reach bottom of slide.
- Operator can terminate play for not following rules.
- Participants should not engage in a Game if they have any of the following conditions: Current or previous injury to the back or neck; Chronic knee or other joint conditions; Any respiratory conditions, including but not limited to asthma or bronchitis; Any heart related or circulatory conditions or Pregnancy.

OPERATOR AWARENESS:

- Wind conditions must be less than 15 mph. If wind gusts begin, deflate immediately.
- Adult Operators are required for safe use of inflatables.
- Operator should point out and make participants aware of the posted warning labels and safety rules.
- Operator should remove all debris from the area prior to allowing participants on the inflatable.
- Operator should watch for signs of deflation such as sagging, excessive wrinkling or distortion. If these are observed, they should ask participants to exit the slide safely and remain calm, as there is no danger.
- Operator should keep all spectators away from the slide and maintain at least a 3 foot perimeter around it.
- Operator must not allow access to the rear of the game or near the inflation blower and power supply.
- May experience vinyl burn if touching sidewalls during slide.
- Always limit participants to the number specified above. Use good judgment on mix and matching age groups and physical size.
- Only two participants are allowed on the inflatable at one time.
- If the unit becomes wet, dry the wet area before continuing to utilize the slide.
- IMPORTANT – NEVER RUN, LEAP, SKIP, TUMBLE OR BOUNCE OFF ANY INFLATABLE ONTO FLOOR OR GROUND. DOING SO CAN CAUSE SEVERE INJURY!
- Silly string, foam or like products are not permitted in any event where Inflatable Rides are being used.
- Duct tape may not be used to secure electrical cords or to post rules on games; consult CC&E for alternatives.

EMERGENCY EXITING:

- If power goes out: DO NOT PANIC; have participants sit down immediately; calmly direct and assist participants to the exit; the designed slow deflation allows plenty of time to exit the unit; DO NOT open the air vents, this will cause rapid deflation.
- Attendant should: a) check that blower is plugged in; b) check to make sure blow tube is attached to blower; c) check to see if zipper is fully zipped.
- Do not allow anyone to enter the slide until it is properly re-inflated and the power supply is stabilized.
