

SURF THE WAVE SLIP N' SLIDE

REQUIREMENTS:

- 1-3 Attendants (Entrance – Exits)
- 1 Dedicated 20 amp circuit within 100' - CC&E will provide heavy gauge extension cord.
- 1 Dedicated water source. Customer provides water hose.
- 35.5L X 11W X 8.5H
- The temperature must be above 45 degrees.
- Max. 2 Participants
- Max Weight Per Participant: 150 lbs.
- Recommended Participant Ages: 1st Grade-Middle School

PLEASE...

- Participants must be in swim attire or athletic attire.
- Customer should never adjust the water pressure once the slide has been set up.
- Participants take a short run and jump into unit, face down, arms above head "superman style".
- Those waiting to ride must stay 10 ft. from entrance. Keep entire entry area clear.
- Remove: shoes; all items from pockets; food, gum or retainers from mouth; eye glasses; hair clips, watches, earrings and necklaces.
- Not responsible for lost or stolen articles.
- No dog piling, wrestling, flips or karate kicks.
- Riders must stay on their side of the slide.
- Do not: bounce off side walls or entrance way.
- Do not enter Inflatable Game unless Operator is present.
- Absolutely no jumping, bouncing or rolling into the slide area. Once participant is no longer sliding, walk on knees to the exit and sit down to exit.
- Operator can terminate play for not following rules.
- Participants should not engage in a Game if they have any of the following conditions: Current or previous injury to the back or neck; Chronic knee or other joint conditions; Any respiratory conditions, including but not limited to asthma or bronchitis; Any heart related or circulatory conditions or Pregnancy.

OPERATOR AWARENESS:

- Wind conditions must be less than 20 mph. If wind gusts begin, deflate immediately.
- Adult Operators are required for safe use of inflatables.
- Operator should point out and make participants aware of the posted warning labels and safety rules.
- Operator should remove all debris from the area prior to allowing participants on the inflatable.
- Operator should watch for signs of deflation such as sagging, excessive wrinkling or distortion. If these are observed, they should ask participants to exit the slide safely and remain calm, as there is no danger.
- Operator should keep all spectators away from the slide and maintain at least a 3 foot perimeter around it.
- Operator must not allow access to the rear of the game or near the inflation blower and power supply.
- May experience vinyl burn if touching sidewalls during slide.
- Always limit participants to the number specified above. Use good judgment on mix and matching age groups and physical size.
- Only two participants are allowed on the inflatable at one time.
- IMPORTANT – NEVER RUN, LEAP, SKIP, TUMBLE OR BOUNCE OFF ANY INFLATABLE ONTO FLOOR OR GROUND. DOING SO CAN CAUSE SEVERE INJURY!
- Silly string, foam or like products are not permitted in any event where Inflatable Rides are being used. Henna is not allowed on inflatables.
- Duct tape may not be used to secure electrical cords or to post rules on games; consult CC&E for alternatives.

EMERGENCY EXITING:

- If power goes out: DO NOT PANIC; have participants sit down immediately; calmly direct and assist participants to the exit; the designed slow deflation allows plenty of time to exit the unit; DO NOT open the air vents, this will cause rapid deflation.
- Attendant should: a) check that blower is plugged in; b) check to make sure blow tube is attached to blower; c) check to see if zipper is fully zipped.
- Do not allow anyone to enter the slide until it is properly re-inflated and the power supply is stabilized.
