

### **GIANT HORSESHOES**

#### **How to play**

The game begins with a horseshoe toss to decide who goes first. The winner of the toss throws both horseshoes—one at a time—at the opposite stake, and then the second player throws both of their horseshoes—again, one at a time—at their end. After scoring, the next round is done in reverse order, or by throwing back at the original stake. Play continues until one player has at least 15 points at the end of a round.
